OIL AND TOBACCO DECISIONS

Nebraskan Alleges Court Protects
Trusts With Laws Vainly Sought for
Years From a Plutocratic Senate.
Declares Justice White Waited Fif-
teen Years to Write Word "Unrea-
sonable" in Anti-Trust Law.

St. Paul, June 2.—Democrats of Min-
nesota and adjoining states met at the
St. Paul Auditorium, celebrated the
victories of the past year and con-
gratulated each other on the victories
they expect to win next year. Speak-
ers of note from many states praised
the Democrats in congress, felicitated
the party on the number of good men
it has to choose from for the presi-
dency, declared that whoever they
nominate is bound to win and con-
gratulated the people on their
restoration to power.

One of the unexpected shots at the
banquet was Bryan's charge that the
Standard Oil and tobacco trust de-
cisions of the supreme court showed
that body's willingness to usurp the
powers of legislation and to protect
the trusts with laws they had sought
for years in vain to get of a pluto-
cratic senate. He declared that Jus-
tice White had waited for fifteen years
to write the word "unreasonable" in
the anti-trust law and that the deci-
sions not only gave the trusts six
months to conform with the law, but
told them how to do it.

The banquet arranged by Minne-
sota Democrats was attended by more
than 600 loyal followers of the party;
some coming from North Dakota, Iowa
and other adjoining states and many
from all parts of Minnesota; the rest
were Twin City men.

Affair Harmonious Throughout.

It was a harmonious affair and if
there were any dissensions or differ-
ences of opinion between those who
spoke or those who listened they did
not appear on the surface.

It was no one man affair as to presi-
dential possibilities, for several men,
including W. J. Bryan, Governor
Burke of North Dakota, J. W. Folk
of Missouri and Congressman Hammond
of Minnesota of those present and
Governor Wilson of New Jersey,
Speaker Champ Clark, John Lind and
others of the absent, shared in the ap-
plause and honors.

Mr. Bryan was of course the center
of attraction and he was reserved for
the last speech. Besides the banquet
guests a large audience had gathered
in the galleries to listen to the speak-
ers and all stayed to the finish. Mr.
Bryan was met with cheer after cheer,
both when his name was men-
tioned by the speakers that preceded
him and when he arose to speak.

If any one expected a dispute be-
tween Mr. Bryan and Congressman
Hammond over the wool schedule he
was disappointed. Mr. Hammond, who
spoke on the work of the present con-
gress, touched only lightly on the tariff
question. After speaking at the length
on the other work the house
had done he said it had passed the
Canadian reciprocity treaty and the
farmers' free list bill and expected to
pass a cotton and woolen schedule
and "when that was done they could
lay their records before the people."

Bryan Takes the Floor.

When Colonel Bryan arose to speak
he said the work of the present con-
gress had been so ably described by
the congressman from Minnesota that
"he has relieved me of devoting time
to that subject."

Colonel Bryan gave his approval to
the candidacy of Governor Burke for
the presidency, saying "there was no
one in whom I would have more con-
fidence." Then he threw cold water
on the whole thing by saying "if the
East knew the West as the West
knows the East it would not be hard
to nominate Burke," and adding that
some people in the East do not know
that North Dakota has been admitted
to the Union. Then he in turn com-
plimented former Governor Folk of
Missouri and said he, too, would be a
most excellent candidate.

Governor Folk went into the tariff
question more fully, declaring the
Democratic party was opposed to the
protective policy and Democrats who
believed in it might as well leave the
party. Then if all others who believed
in tariff for revenue would come in
there would for once be a definite
cleavage. Mr. Folk also declared the
party stood for the initiative, refer-
endum and recall, popular election of
senators, primary system and income
tax.

The other speakers were Governor
Burke of North Dakota, F. A. O'Con-
nor, minority leader in the Iowa legis-
lature, and J. E. Kelly of Flandreau,
S. D., former congressman from that
state. Each told of growing strength
of the Democracy in their states.

Judge Alton B. Parker of New York
was absent and a telegram of regret
from him was read by Toastmaster
Martin J. Wade of Iowa. A letter
from John Lind, who is still in the
hospital at Minneapolis was also read.

Not by years, but by disposition, is
wisdom acquired.—Plautus.

CAUCUS ADOPTS
WOOL SCHEDULEBill Provides for Over Fifty Per
Cent Reduction.

FIVE EXCUSED FROM PLEDGE

Vote on Revision Plan Unanimous
Through a Resolution Which Leaves
the Democratic Party Open in the
Future to Renew Its Advocacy of
Free Trade in Raw Wool, but Which
Commits All Democrats to Support
Present Measure.

Washington, June 2.—The proposed
Democratic revision of the wool tariff
—the Underwood bill—was unani-
mously approved by a full Democratic caucus.
Its endorsement followed some
rapid maneuvering by the Democratic
house leaders, who devised a scheme
which effectually disposed of the op-
position of the free wool advocates.
The bill provides for more than a 50
per cent reduction in present duties.

Through a resolution which leaves
the Democratic party open in the fu-
ture to renew its advocacy of free
trade in raw wool, but which commits
all Democrats to the support of the
present bill as a revenue measure, the
divergent interests were finally
brought together in the caucus.

The final vote on the approval of
the Underwood bill was made unani-
mously, but the following members were
excused from a pledge to support the
caucus action: Representative Ruck-
er, Colorado; Ashbrook, Francis and
Sharp, Ohio; Gray, Indiana.

The resolution agreed on in a con-
ference of the free raw wool advocates
was introduced in the caucus by Rep-
resentative Kitchen of North Carolina,
who had advocated free raw wool. His
resolution declared the support of a
duty on raw wool should not be con-
sidered as an abandonment of the
Democratic policy of free wool. The
need for a duty, the resolution stated,
was due to Republican extravagances,
which made necessary large revenue.

Speaker Clark took the floor im-
mediately and supported the resolution,
which had been framed in the con-
ference participated in by himself and
Representatives Burleson of Texas,
James of Kentucky, Fitzgerald of New
York and Kitchen of North Carolina.
The resolution was then unanimously
adopted by the caucus.

HOYT DETAILED TO ST. PAUL

Brigadier General to Command De-
partment of the Lakes.

Washington, June 2.—Brigadier Gen-
eral Ralph W. Hoyt on July 1 will as-
sume command of the department of
the Lakes with headquarters at St.
Paul. Announcement of this detail
was made at the war department. Gen-
eral Hoyt is now with the troops on
the Mexican border in command of a
brigade. He was selected for the St.
Paul assignment on the recommenda-
tion of General Wood and the designa-
tion was approved cordially by the
president and Secretary of War Stim-
son.

The reorganization of the military
service into three divisions and the
abolishment as a result of a number
of departments, including the depart-
ment of Dakota, has been approved by
the president.

Explosion in Minneapolis.

Minneapolis, June 2.—Damage esti-
mated roughly at around \$100,000 was
done by an explosion and flames that
followed, involving garages, repair
shops, hotels, rooming houses and
other buildings all the way from the
rear of 915 Hennepin avenue around
as far as 14 Tenth street South. The
shock of the explosion was terrific.
People were thrown out of bed and
hurled to the floor. The jar was felt
for half a mile. The explosion cen-
ter was the repair shop of the Mich-
Heinrich Automobile company.

He Was on Time.

Sir Charles Dilke once spoke with
admiration of an American he had
met in San Francisco. The American
told him he would be coming to Eng-
land in a year. Dilke invited him to
lunch and gave him a day fourteen
months later, assuring him he would
give him a distinctively English lunch,
begging him at the same time to be
punctual. "If you will give me an
hour I'll be on hand," replied the
American. Dilke gave 1 o'clock. As
the clock struck 1 on the day in ques-
tion fourteen months afterward Dilke
walked downstairs to the dining
room, which was on the ground floor
of his house, just as the American
walked in.

JUDGE GARY JARS PROBES

Steel Trust Official Testifies Before
House Committee.

Washington, June 2.—Offering to
lay bare all facts concerning the United
States Steel corporation and to
"stand or fall on the record," denying
that he is planning to form a trust
to control steel products and prices of
the entire world and frankly admitting
that the steel corporation has absolute
domination of subsidiary compa-
nies E. H. Gary appeared as the sec-
ond witness in the inquiry being con-
ducted by the "steel trust" investigat-
ing committee of the house.

Mr. Gary surprised the committee
with the statement that before its ab-
sorption the Tennessee Coal and Iron
company, while nominally "independ-
ent of all other companies, was very
dependent as far as getting a liveli-
hood was concerned," a remark which
he quickly asked to have expunged
from the records and which he said
he had "no business to make."

LEGISLATURE MAY
RECEIVE HOT SHOTNorthern Minnesota Develop-
ment Association Meets.

Duluth, June 2.—The 500 delegates
to the Northern Minnesota Develop-
ment association convention enjoyed a
boat ride around the harbor.

Organization of the resolutions com-
mittee was effected and subcommittees
were appointed to handle different
problems on which the committee de-
sires to report resolutions. County
delegations held caucuses and chose
one from each county for the commit-
tee. The delegates named then went
into executive session.

Hot shot for the legislature for its
failure to enact reapportionment leg-
islation is expected.

St. Cloud likely will get the next
convention.

"The Effect of Agricultural Develop-
ment on the Cost of Living," was the
subject of "Gil" Hartley's paper. He
dealt severely with those who blame
the corporation because they are not
making a good living in the crowded
cities. "Back to the farm," was his
idea of the solution of the cost of liv-
ing problem.

William T. Cox of St. Paul, state
forester, classed the foresters as "agri-
culturalists," and the forestry profession
as an "agricultural college." He told
of the possibilities of making money
in Northern Minnesota through the
clearing of lands of timber, the sale of
the timber or its use in farm building
and the tilling of the soil bared of its
trees.

A. J. McGuire urged the need of a
new survey for the state, after he had
pointed out the opportunity for Min-
nesota to obtain settlers by draining
state lands and assessing the cost on
the settler to pay in forty years.

W. J. Brown, chairman of the state
reclamation board, took a rap at the
legislature for its attitude toward
drainage work.

Chicago Authorities Turn Down Pe-
tition for Her Dismissal.

Chicago, June 2.—Miss Grace Reed,
principal of the Francis Willard pub-
lic school, who incurred the displeas-
ure of temperance organizations by
her public utterance some months ago,
that "a respectable saloonkeeper is
just as respectable as a respectable
banker," will not lose her position, for
the board of education denied the pe-
tition of the Hyde Park Woman's
Christian Temperance union to have
her dismissed from the service.

COPPER INJUNCTION HEARING

Efforts Being Made to Defeat Merger
of Michigan Mines.

Houghton, Mich., June 2.—What is
regarded as the pivotal case of the
four independent injunction actions
brought to defeat the proposed merger
of the Calumet and Hecla with nine
other Northern Michigan copper mines
was begun here before Judge Streeter.
F. S. Denton, general manager of the
Copper Range Consolidated Mines,
who represents the minority stock-
holders of the Ahmeek Mining com-
pany, is the petitioner.

SEALING AGAIN
UNDER INQUIRYGovernment Agent Is Accused
by Seal Expert.

HIS CHARGES ARE SPECIFIC.

There Are Only 30,000 Left of the 5,000-
000 Seals That Formerly Were to Be
Seen at the Pribilof Islands—Animals
Under Two Years Old Alleged to
Have Been Killed.

By ARTHUR W. DUNN.
Washington, June 2.—[Special].—A
sensation as interesting as the Ballinger
affair may grow from the investi-
gation of the alleged abuses of the
government contract under which
seals have been killed on the Pribilof
islands, near Alaska. There are only
30,000 seals left out of 5,000,000.

Professor H. W. Elliott of the
Smithsonian institution, a world au-
thority on seal life, has laid before
Chairman Rothermel of the committee
on expenditures in the department of
commerce and labor charges of crimi-
nal malfeasance involving Walter I.
Lembkey, government agent at the is-
lands; a number of other subordinate
officials and indirectly Secretary Nagel
and Fish Commissioner Bowers.

Elliott alleges that Lembkey, whose
duty it was to prohibit the killing of
any seals under two years old, not
only stood by and permitted the viola-
tion of the regulations, but aided the
fur dealers by distorting figures by
which the ages of seals have been de-
termined for nearly forty years in an
effort to pass yearling skins for two-
year-olds.

Monument to Pocahontas.
Senator Martin has asked for the
modest sum of \$5,000 to enable the
Pocahontas Memorial association to
complete a monument to the famous
Indian woman. It is being erected on
Jamestown island and is a part of the
plan to commemorate and preserve
the site of the first permanent settle-
ment of English speaking people on
the western hemisphere.

Jamestown island deserves such
preservation, but at the same time it
is somewhat off the track of tourists
and sightseers. There is only one
monument to John Smith in this coun-
try, and that is at Jamestown. Both
John Smith and Pocahontas should
have monuments in the national cap-
ital. When any person has done
enough in the colonial or Revolution-
ary period of this country to entitle
him to a monument at the place
where the service was performed a
duplicate of the monument ought to be
erected in the nation's capital.

Curtis Takes a Hand.
Senator Curtis of Kansas is a good
parliamentarian and had long service
in the house, where he saw the effect
of a closure stopping debate when the
majority had a mind. He is trying to
have a limited closure adopted in the
senate. Twenty-two years ago that
was tried in order to pass the force
bill, and it failed.

Several times since then senators
who thought the senate rules and pro-
cedure were a travesty have tried to
force closure, but they never made
any progress. The Kansas senator
will be no more successful than the
other knights errant in the same line.
Unlimited debate in the senate is the
weapon of the minority, and they will
never give it up.

A Difficult Task.
Difficulties in the way of literary
composition were discussed by Sena-
tor Root of New York, the subject be-
ing brought up by reason of something
having recently been misunderstood.

"One great difficulty in writing," said
the senator, "is to meet the require-
ments of those who do not know any-
thing about the subject under discus-
sion and at the same time convey your
ideas to those who do know something
about it and are really interested. To
make the first class understand you
must begin at the very A B C of the
matter and go right through all the
stages in order to place it before them.
By that time you have occupied so
much space that you have no room to
discuss the subject in an illuminating
manner for those who did have knowl-
edge of it in the beginning. Outside
of Washington I often find that my great-
est difficulty in discussing govern-
mental affairs for interviews is that
the interviewers often do not under-
stand the questions relating to the na-
tional government on which they
would have my opinions. It is hard
to give views under such circum-
stances."

Avenues in the Capitol.
The names of the most important
thoroughfares in Washington bear the
names of states. Two of the finest
residence streets are called Massachu-
setts and Wyoming. But these names
also figure in the capitol building. For
a long time one of the corridors on
the senate side was called Massachusetts
avenue because the committee room
on one side was occupied by Senator
Hoar, chairman of the judiciary com-
mittee, and the other side by Senator
Lodge, chairman of the Philippines.

Now it is called Wyoming avenue be-
cause Clark of Wyoming is chairman
of judiciary and the room occupied by
Lodge has been given to Warren of
Wyoming, chairman of appropriations.
It will remain Wyoming avenue until
there is a change in the delegation
from that state.

SURPLUS IN THE TREASURY

\$1,815,000,000 Is High Water Mark for
Gold Holdings.

Washington, June 2.—The treasury
made a much better showing for May
than for April and its condition as
compared with a month ago is ma-
terially strengthened. The piling up
of gold coin and bullion in the vaults
continues steadily. A little more than
\$1,815,000,000 is there—the high water
mark for the treasury's gold holdings.

The government's finances began a
new month's business on the basis of
a surplus. It is small—less than \$1-
000,000—but a surplus is shown in
spite of nearly \$3,000,000 spent from
the cash drawer for the Panama canal.
Under ordinary circumstances a sur-
plus of nearly \$5,000,000 would be
shown.

UNDERWOOD DENIES
BRYAN'S STATEMENTDeclares in Positive Terms He
Is Not a Protectionist.

Washington, June 2.—"Any state-
ment that I am a protectionist, by
whomsoever made, is absolutely
false," exclaimed Representative Os-
car W. Underwood of Alabama, chair-
man of the committee on ways and
means, when his attention was called
to the charge of William J. Bryan at
St. Paul that Mr. Underwood "is taint-
ed with protection." Mr. Underwood
continued:

"I have been shown a telegram that
Mr. Bryan accuses me of being tainted
with protection. In reply I wish to
state that I have never scratched a
Democratic ticket or voted against the
Democratic party either in congress
or at the polls in all my life. Ever
since I have been a member of con-
gress I have voted for the lowest
duties on all tariff bills presented to
the house. I have never differed with
my party on any question relating to
the tariff either in congress or out
of it.

"Any statement that I am a pro-
tectionist is absolutely false. I believe
in the principles of my party and have
advocated always a tax for revenue
only."

Chicago Board of Trade Recommends
Action Against Manipulators.

Chicago, June 2.—Directors of the
Chicago board of trade, at a secret
meeting, recommended changes,
which, if adopted by the board, will
prevent manipulators from cornering
the market. The action was the re-
sult of an investigation following an
effort of dealers here to corner May
wheat.

The proposed change provides that
in the event "a short" defaults in his
deliveries the board shall appoint a
committee of three to determine at
what price he must settle with the
buyer. It also provides that a def-
aulter can be penalized not less than
5 nor more than 10 per cent for dam-
ages to the purchaser.

Under the present rules the purchas-
er who has cornered the market can
force a defaulter to settle at an arbi-
trary price.

SECURES \$300,000 IN CASH

Daughter of Late Captain Pabst Wins
Her Suit.

Madison, Wis., June 2.—By a deci-
sion of the state supreme court Mrs.
Emma Soehnlein comes into posses-
sion of \$300,000 in cash from the es-
tate of her father, the late Captain
Frederick Pabst, the millionaire Mil-
waukee brewer. The supreme court
affirmed the conclusion of the circuit
court of Milwaukee county.

The case brought before the court
questions concerning the administra-
tion of the trusts established by Cap-
tain Pabst for the benefit of his fam-
ily. He divided his estate into five
equal parts, giving one each to his
four surviving children and one to his
grandchild. His estate consisted
principally of stock in the Pabst Brew-
ing company.

RAILWAY MERGER
APPEARS CERTAINGreat Northern Will in Time Ac-
quire Burlington.

New York, June 2.—The Evening
Post, commenting on the \$600,000,000
bond issue of the Great Northern,
says:

"The strength of both Great North-
ern and Northern Pacific was in some
degree sensational and perhaps also in
more or less degree effected for the
purpose of producing sentiment. Hu-
erto Mr. Hill's financing has entailed
rights for the stockholders. As the
new \$600,000,000 Great Northern mor-
tage provides for that company 'cap-
ital requirements for years to come'
it may be thought that subscription
rights to new Great Northern shares
are at an end."

Financial America says: "An inter-
est closely associated with James J.
Hill says that while apparently pro-
vision has been made in the \$600,000-
000 first and refunding mortgage of
the Great Northern company for the
purchase of the Northern Pacific's in-
terest in the Burlington there is no
reason for expecting that the deal will
be carried through in the near future.
He says, however, that such a deal
may well be regarded as a possibility."

Senate Passes Resolution for
Committee of Eight.

FOUR MEN FROM EACH PARTY

Inquiry Will Be Conducted by a Sub-
committee of the Committee on
Privileges and Elections—Plan
Agreed Upon Substituted for Sena-
tor La Follette's Resolution by
Vote of 48 to 20.

Washington, June 2.—Senator Lor-
mer of Illinois faces another investi-
gation at the hands of his colleagues.
The inquiry will be conducted by a
subcommittee of the committee on
privileges and elections, composed of
four Republicans and four Democrats,
four of whom voted for the conviction
and four for the acquittal of the sena-
tor last session. The method selected
is regarded as the latest thing in jury
trials.

It took seven hours' debate to agree
upon the system and it was adopted
by a vote of 48 to 20, being substituted
for the plan urged by Senator La Fo-
lette for turning the case over to five
senators who were not members when
the case was voted upon before and
therefore were supposed to be un-
biased.

Most of the progressive Republican
senators voted against substituting
the Martin resolution. Of the twenty
negative votes, thirteen were cast by
Republicans—Borah, Bourne, Bristow,
Brown, Clapp, Crawford, Cummins,
Dixon, Gronna, Kenyon, La Follette,
Perkins and Poindexter—and seven
by Democrats—Davis, Hitchcock, Lea,
Martine, Newlands, Owen and Pomer-
ene.

Sheriff of Morrison County After One

R. L. Hopper Who Borrowed

Little Falls Auto

Sheriff Frank Armstrong, of Mor-
rison county, passed through the city
today on his way to Pine River to get
a man named R. L. Hopper, who it
is said, borrowed a Buick automob-
ile from Charles Farro, of Little
Falls, to take an eight mile fishing
trip and who has now been gone over
a week in his travels penetrating the
northern country where no team had
ever set foot.

The automobile was found in the
vicinity of Remer fast in a mud hole
and every resident wonders how on
earth the man was able to drive an
auto through such country. It took
more than one team to haul it out
and the first pair of horses played
out dragging it through the mud and
rocks.

It is said that the man who bor-
rowed the machine was accompanied
by his wife and three children and
people are at loss to know why he
undertook such a trip. He is being
held at Pine River by a deputy sheriff
at that point until the sheriff of Mor-
rison county can get him.

Northern Pacific Railway Shops are Put on Full Time Commencing Thursday, June 1

INCREASES THE PAY ROLL

Makes a Difference of Approximately \$11,000 Per Month in the Pay Roll of Employees

Commencing June 1st the Northern Pacific railway shops were put on full time and this additional time when added to the men's pay checks makes a change of approximately \$11,000 in the monthly payroll and raises it to \$60,000 a month.

This action on the part of the Northern Pacific railway means prosperity for the shop men and for all lines of business. Full time shows that the railway company is sharing in the general prosperity constantly being manifested all over the country.

On the car side the men will work 10 hours a day and 6 days in a week. On the locomotive side the men will work their regular 9 hour day and 6 days a week. On this side of the shops are the boiler makers, machinists, tinsmiths, blacksmiths, helpers, etc.

With every evidence of good crops in the county, with the constantly increasing activity in the mining industry and the full time at the shops, Brainerd and Crow Wing county and all its people are certainly assured of a prosperous season.

ROB CASHIER OF "U" OF \$13,826

Special to the Dispatch:—

Minneapolis, Minn., June 2, 1911

J. D. Breen, the cashier of the University of Minnesota, was held up and robbed of \$13,826 on the campus of the university by three men shortly after ten o'clock this morning.

Mr. Breen was on his way from the Northwestern National bank, where he had drawn the money, to the university office.

The money was in a satchel and as he was crossing the campus two men seized him while the third robber snatched the satchel and fled.

ERECT BAND STAND IN N. E. BRAINERD

Mrs. George Forsythe Offers Site for Band Stand for Concerts by Unity Band

BAND GAVE SOCIAL LAST NIGHT

Organization Now Has 15 Musicians and S. V. Long is the Leader and Manager

The Unity band social at 22 Kindred street was well attended last night and from three in the afternoon until ten in the evening a steady stream of people partook of the ice cream and cake and listened to the playing of the band. The ladies who sold tickets and assisted in the serving were the wives and friends of the band and numbered 35. It seemed that most of Northeast Brainerd and many people from other sections of the city attended the social.

The band was organized early this year and the Rebekahs, the ladies auxiliary of the Odd Fellow lodge, asked permission to christen the organization and named it the Unity band. They have played at various lodge functions of the Odd Fellows and also furnished the band music on Memorial day.

The band is composed of S. V. Long, leader and manager, playing a solo E flat cornet; Earl Long, solo B flat cornet; Curtis Bolton, solo B flat cornet; Ed. Ebinger, cornet B flat; Walter Roney, 2nd cornet, B flat; Roy Johnson, second tenor; Howard Ebinger, first alto; Bert Sundahl, solo alto; E. W. VanWalk, solo alto; Earl Caird, third alto; John Long, baritone; Lloyd Long, bass; William Ebinger, first trombone; John Tuft, bass drum; Carl Anderson, snare drum.

As an evidence of the interest which Northeast Brainerd takes in its Unity band is the offer of Mrs. Geo. Forsythe to let them have a site on which to erect a band stand. It is said she has also offered them material to build it. Other citizens are also willing to donate labor and material. The stand will be handsomely painted and also wired for electric lights. Band concerts will be given once a week during the months of June, July and August, but the exact dates have not been determined. For the present the organization is practicing at No. 22 Kindred street, but a committee will apply to the council for permission to use the hose house for that purpose.

WEST BRAINERD FIRE

One House Burned and the Other Badly Damaged—Department Fought Flames With Buckets

An alarm was rung in at about four o'clock this morning and the fire department responded and went to West Brainerd where the residences of William Fuller and Clarence Chapman were in flames. This part of the town has no hydrants and the firemen took buckets and dipped water from a cistern and fought the flames.

The three room, one and one-half story house of William Fuller, in which no one was said to be living, was burned to the ground. The 5-room house, one and one-half stories high, belonging to Clarence Chapman, was badly damaged. The fire's origin is unknown. Both houses carried no insurance on house or contents.

OPPORTUNITIES IN MINNESOTA

No Co. in State Where Wild Lands are Held at Such Low Prices, Real Values Considered

TRAIN LOAD OF ORE A DAY

Crow Wing County is Exploited in the Daily Writup of Counties by Minneapolis Journal

The Minneapolis Journal which has taken up a good work for Minnesota by giving the counties in the state publicity through its columns contains the following relative to Crow Wing county and its possibilities:

Crow Wing county, in the exact center of the state, has a large amount of "cut-over land" which will produce almost anything that can be grown: timothy, clover, oats, rye, wheat, barley, peas, potatoes, sugar beets and other roots and forage crops, besides being unrivaled for dairying and stock farming. First premiums have been won by this county at the Minnesota state fair for fruits and vegetables, and its red clover took the first prize at the National Corn show at Omaha a year ago.

There is, perhaps, no county in the state where wild lands are held at such low prices, real values, nearness to markets, railroads, creameries and schools considered. Wild lands sell from \$10 to \$15 an acre improved lands from \$20 to \$50. Good farm lands with improvements can be rented on easy terms, and there are splendid openings for genuine farmers who are not afraid to work. The soil varies from light, sandy loam to dark loam with a clay subsoil.

There are 150 fine lakes in Crow Wing county and numerous streams feed from springs, which furnish the best of drinking water. There is plenty of wood for fuel and market from the second growth of pine and hardwood forest that has nearly all been cut off, although some timber for logs is still left. The rapid growth of the iron industry is destined to increase the demands of the markets for farm produce. Several live towns are springing up along iron ranges which extend through the county from northeast to southwest, about thirty-five miles. A trainload of ore is being shipped daily from one of these mines.

Here are a couple of examples of what farmers have done in the vicinity of Brainerd, the county seat: on eighty acres of "cut-over land" Frank D. Congdon in 1889 settled two and a half miles east of Brainerd, which he bought for \$500 paying \$15 down, all the money he had, and the balance as he could afford it. He cleared five acres the first year and put it mostly into potatoes and garden and sold 100 cords of wood. He has gradually improved his place until now he has it all under cultivation, except a twenty acre wood lot, and has buildings worth \$2,500, twenty-four cows, six horses, twenty young cattle, eight hogs and all the necessary machinery. The land, with improvements, is now worth \$5,000. He has everything fully paid for and money in the bank.

He has sold milk in Brainerd during the last three and a half years, for which he has received \$10,250. He values his holdings now at \$10,500 in all, free from debt, and his dairy income increasing daily, all accomplished by hard work and economy. J. C. Thomas, superintendent of the James M. Elder farm three miles southeast of Brainerd, reports that he has been running this farm for nine years as a general farm and raises almost everything but wheat. He has twenty Holstein cows, 200 sheep, twenty-two hogs, registered, a jack, three mule colts and four teams. His oats last year averaged forty-six bushels per acre and shelled corn sixty bushels. In 1910 he put in a 230-ton silo. He sells milk from his dairy, of the latest equipment, to hotels and hospitals. His potatoes averaged him, last year, 225 bushels per acre and annually about 2,000 bushels. Receipts from his dairy run from \$200 to \$225 a month, or about \$2,600 a year. He has 200 acres under cultivation, 400 in hay land and brush pasture. In 1908 he raised 426 bushels of potatoes per acre on nine acres, or a total of 3,834 bushels from this small piece of land.

Assistant Attorney General Peterson Drew First Batch of Allen Town Indictments

The first set of indictments against the Allen town officials which were quashed by Judge Wright were all drawn by Assistant Attorney General Peterson, who came from St. Paul at the last term of court to take charge of those cases and County Attorney W. A. Fleming had nothing whatever to do with them.

It is said that at the time they were drawn up County Attorney Fleming expressed the opinion that they were faulty and not properly drawn up.

BREWSTERS-ROYALTON

For This Sunday—McGovern and Johnston, Famous Football Stars Play With Royalton

Next Sunday afternoon the Keering baseball field will be the scene of the hottest baseball game played on the local diamond for many a day when Bud Roderick's renowned Brewsters take on the fast aggregation from Royalton.

Royalton has made a great showing this season and last Sunday wallowed the fast Little Falls bunch to the tune of 13 to 0. They have a paid team and their team has been recently strengthened by the addition of several university players, including McGovern and Johnston, the famous football stars.

The Brewsters are practicing hard every night and will make Royalton go the limit to beat them. This game will be the biggest game of the season and a banner crowd is expected. The game will be called at three o'clock sharp.

Notice Retail Clerks

A regular meeting of the Retail Clerks union will be held on Monday evening, June 5, eight o'clock sharp at Trades & Labor hall. Election of officers and other business of importance. All members requested to be present. Refreshments.

J. T. Hughes, Now of Minneapolis, Distinguishes Himself at Law College

J. T. Hughes, born and reared in Brainerd and now located at Minneapolis, has distinguished himself at college as mentioned in the Daily News of Dixon, Ill.

Three young men are to take the degree of master of law at the Northern Illinois college of law and Mr. Hughes has shown himself a very able student during his attendance at Dixon college. He has not only accepted the full law course, but has taken the high school studies at the college. During his stay at Dixon he has made a number of warm friends and although they rejoice at his success in gaining his degree, they regret that he severs his connection with the school at this time. His friends predict that Mr. Hughes will make himself known in the legal world and they are indeed proud to have known him at Dixon college.

Backache Means Dying Kidneys

A Remarkable Treatment That Saves the Kidneys. How You May Cure Yourself Quickly and Thoroughly.

With the progress of science comes one remarkable treatment for kidney diseases. It has been so thoroughly tested and its results have proven so revolutionary that a well-known firm in Michigan has undertaken its distribution into every part of the country. Those who suffer from kidney trouble and the diseases resulting from it will be pleased to know that every package of this treatment is thoroughly guaranteed. This should assure at last a positive cure to every sufferer. Every man and woman should know that backache is usually a well-defined symptom of advancing kidney disease which may end fatally unless treated in time; that rheumatism and bladder trouble are caused from nothing more than less than kidneys that do not filter the poison from the blood; that dropsy, Bright's disease, diabetes and bladder-stones are caused by bad kidneys. Once they are made to work properly, these diseases should quickly disappear.

This is done by the new treatment, Dr. Derby's Kidney Pills. We urge everyone who has pain in the small of the back, profuse or scanty urination, pains in the bladder, cloudy or foul urine, not to fail to get a package today of Dr. Derby's Kidney Pills, and drop all other kidney treatments. Senator Stevenson, of Washington, writes from Olympia: "There is no question about the efficacy of Dr. Derby's Pure Kidney Pills in curing kidney and bladder trouble. I know whereof I speak." Dr. Derby's Kidney Pills are now sold at all drug stores—25 and 50 cents, or direct from Derby Medicine Co., Eaton Rapids, Mich. If you would like to try them first, ask your druggist for a free sample package. Then buy a package; you will not regret it.

TO THE PUBLIC OF CROW WING COUNTY: You have paid \$1.25 for the same work in many Brainerd shops. We do not want you to get the idea that we do not give the quality. FOR WE DO. We have the machinery to do it with. It formerly took a shoemaker a day to sew four pair of soles on shoes. We could not turn out the work fast enough. We have tried our best to equip our shop so that we can do the work quicker and better. Instead of sewing four pair of soles a day, we now sew four pair an hour.

We invite all to call and inspect our new machinery.

We, the undersigned, do hereby associate ourselves together, and agree upon the following certificate, for the purpose of forming a corporation under the provisions of Chapter 58, Revised Laws 1905, of the State of Minnesota, and acts amendatory thereof, and for that purpose have organized by adopting and signing the following Certificate of Incorporation:

Article I. The name of this corporation shall be "Hewitt Exploration Company." The principal place where the business of said corporation is to be transacted is Deerwood, Minnesota. The general nature of the business of this corporation shall be mining, smelting, refining, reducing and working iron ores and other minerals, and manufacturing iron, steel, copper and other metals.

Article II. The time of the commencement of said corporation shall be June 1st, 1911, and the period of its continuance shall be thirty (30) years thereafter.

Article III. The amount of the capital stock of said corporation shall be fifty thousand (\$50,000) dollars, divided into five thousand (5000) shares of the par value of ten (\$10) dollars each, which shall be paid in cash or in other property, at such amounts, in such manner, and in such amounts, as the Board of Directors shall determine.

Article IV. The highest amount of indebtedness or liability to which said corporation shall at any time be subject, shall be the sum of fifty thousand (\$50,000) dollars.

Article V. The names and places of residence of the persons forming said corporation are as follows: James T. Hale, P. S. Adams and P. M. Hale, all of Deerwood, Minnesota.
Article VI. The names of the first Board of Directors of said corporation are: James T. Hale, P. S. Adams and P. M. Hale, who shall hold their offices until the first annual meeting of the stockholders, which shall be held at Deerwood, Minnesota, on June 15th, 1911, at ten o'clock a. m., and thereafter each annual meeting shall be held on the first Monday in July in each year. The government of said corporation, and the management of all of its affairs, shall be vested in a board of three (3) directors, who shall be stockholders of said corporation, and who shall be elected annually at the stockholders' annual meeting. There shall also be the following officers, who shall have such powers, and perform such duties, as may be prescribed by the Board of Directors, and who shall be elected annually at the first meeting of said board immediately following the annual meeting of the stockholders: A President, a Vice-President, a Secretary and a Treasurer, any two of which offices, except the two first named, may be held by the same person. The Board of Directors may create such other offices, with such powers and duties, as to them may seem advisable.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this 25th day of May, A. D. 1911.
